Ammunition

Presented To:
NDIA
Munitions Executive Summit

Mission / Vision Statement

Vision

Deliver Munitions Firepower to Warfighters

Mission

Execute Life Cycle Management for Armaments, Conventional & Precision Munitions, Explosives, Propellants, and Fuzing.

Manage DOD's Organic & Industrial Munion Production Base.

Execute the Single Manager for Conventional Ammunition Mission.

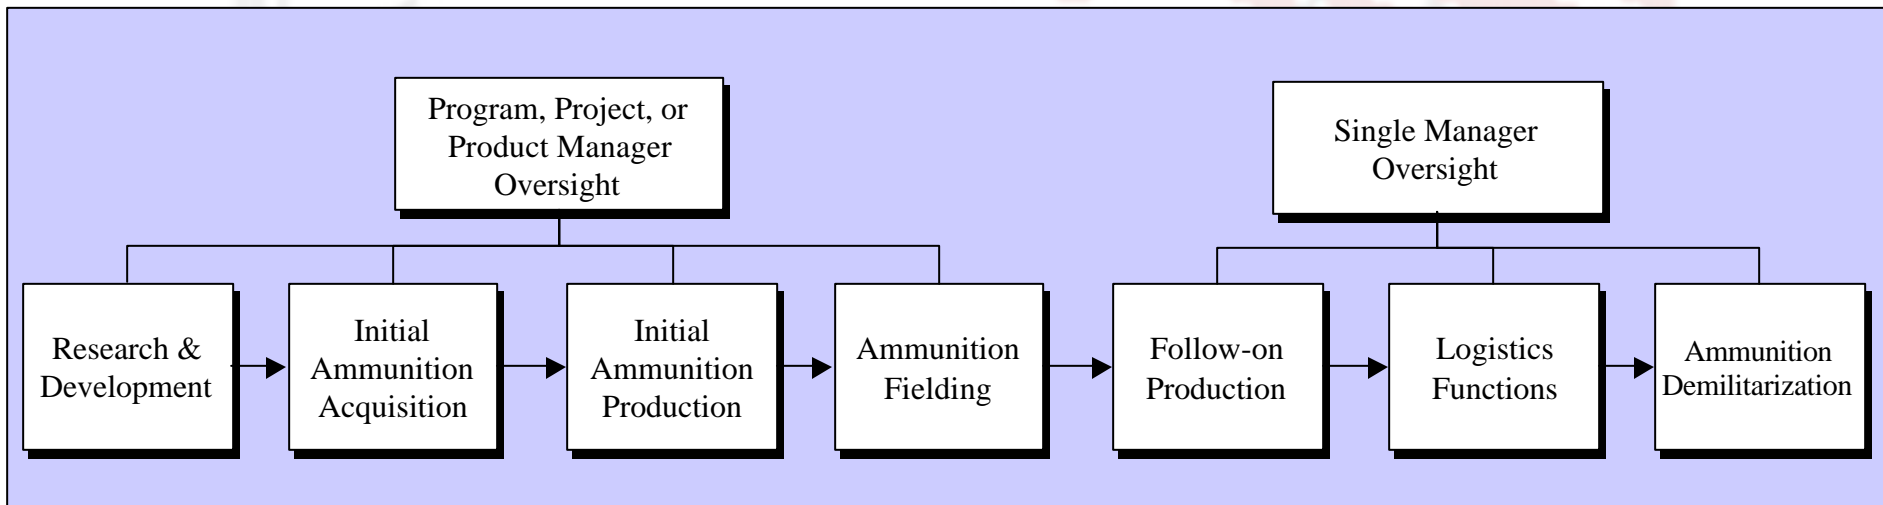

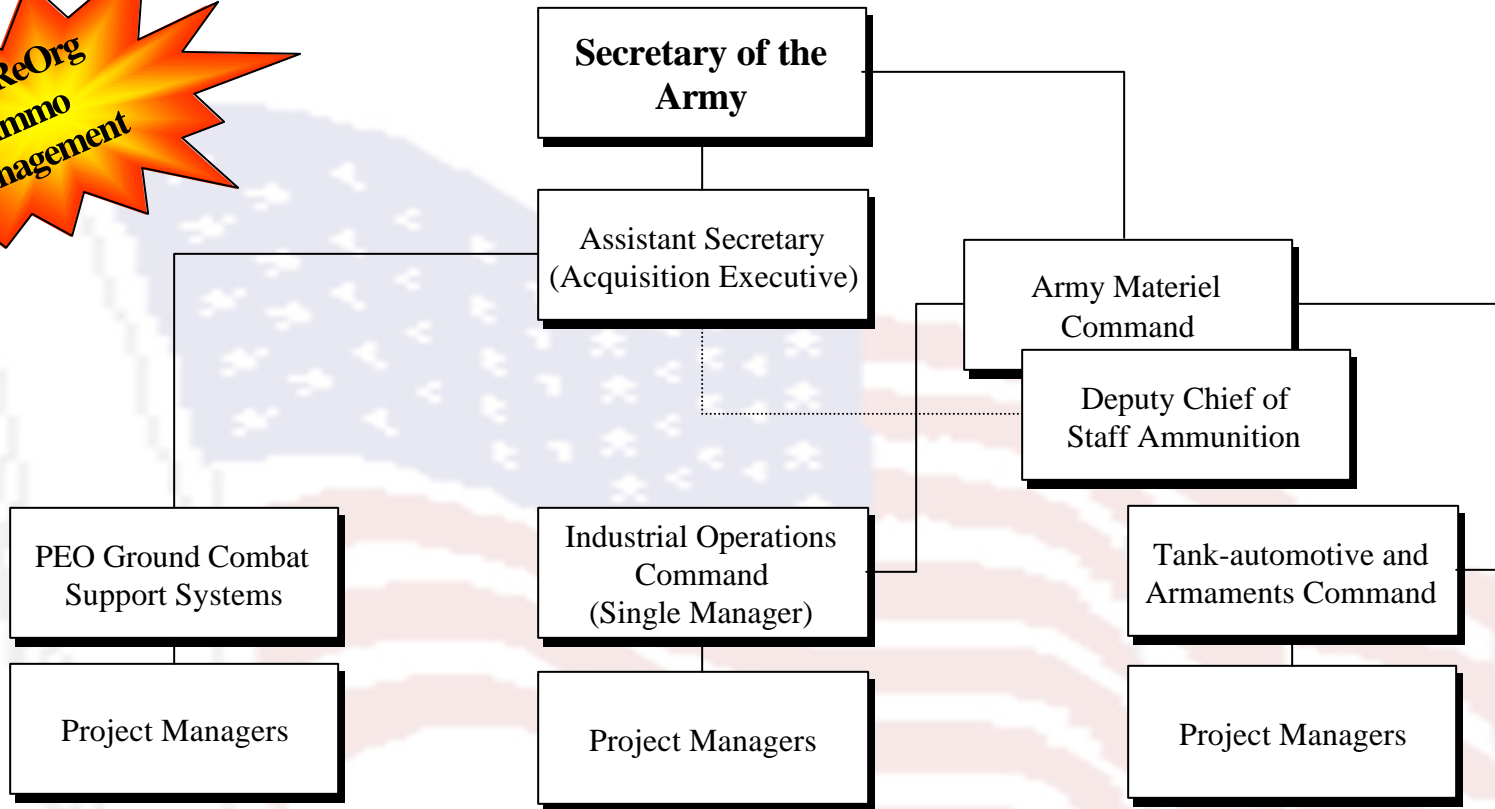

PEO Ammo Main Objective

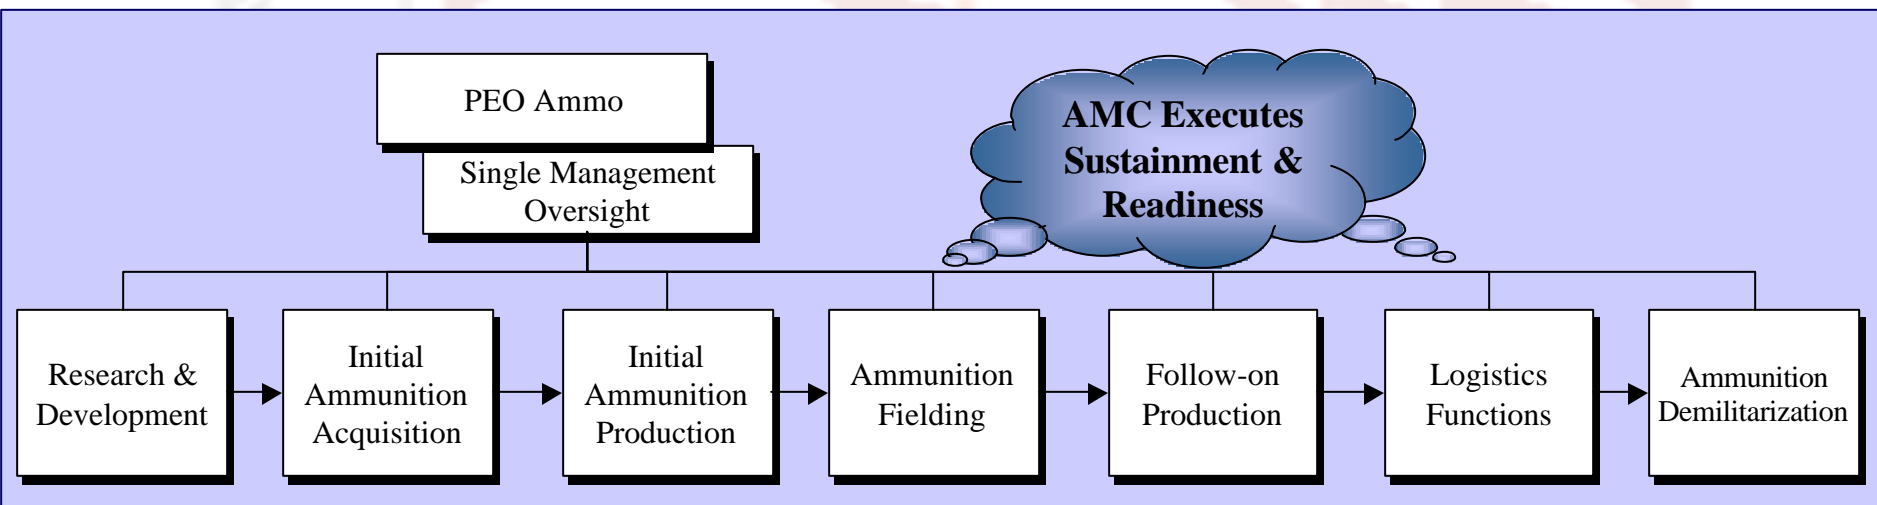

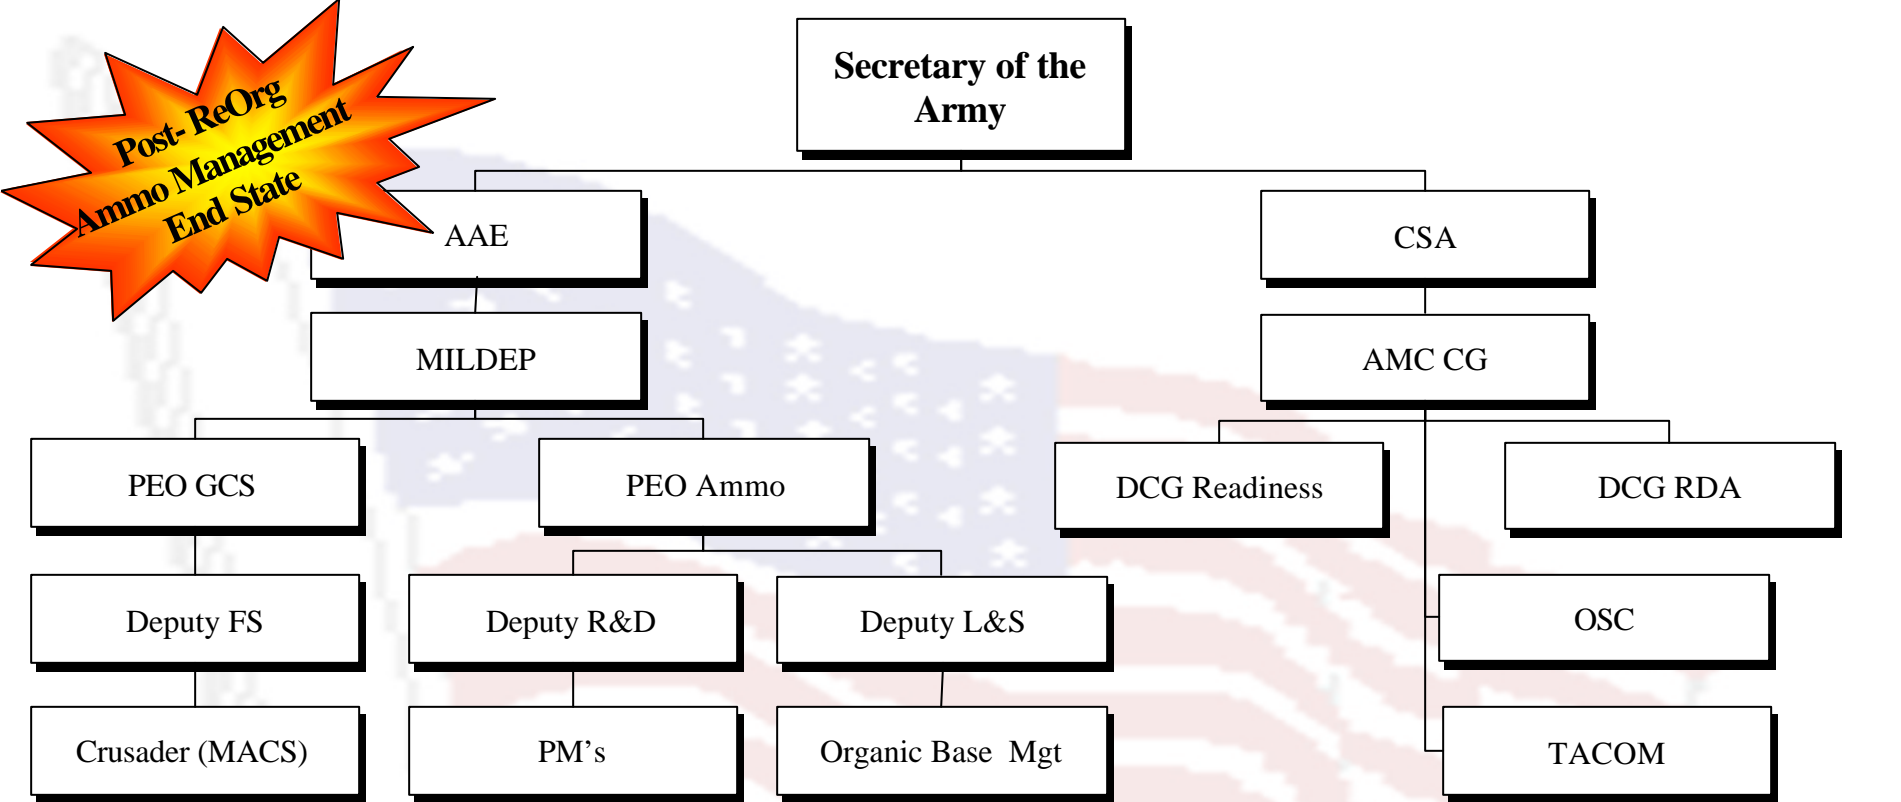

- **Unify & Integrate Ammunition Management Under One Single Chain of Command...by Consolidating Responsibility and Resource Management in the PEO**
- **Develop a Unified Munitions Acquisition Strategy**
 - **Integrate Requirements...Training, War Reserve, & Modernization**
 - **Include SMCA Mission**
 - **By Munition Family**
- **Identify and Optimize Key Business Processes**
- **Develop an Industrial Base Strategy (Organic and Commercial)**

**Common Themes From
PNNL Study, GAO Study,
and Emerging Rand Study**

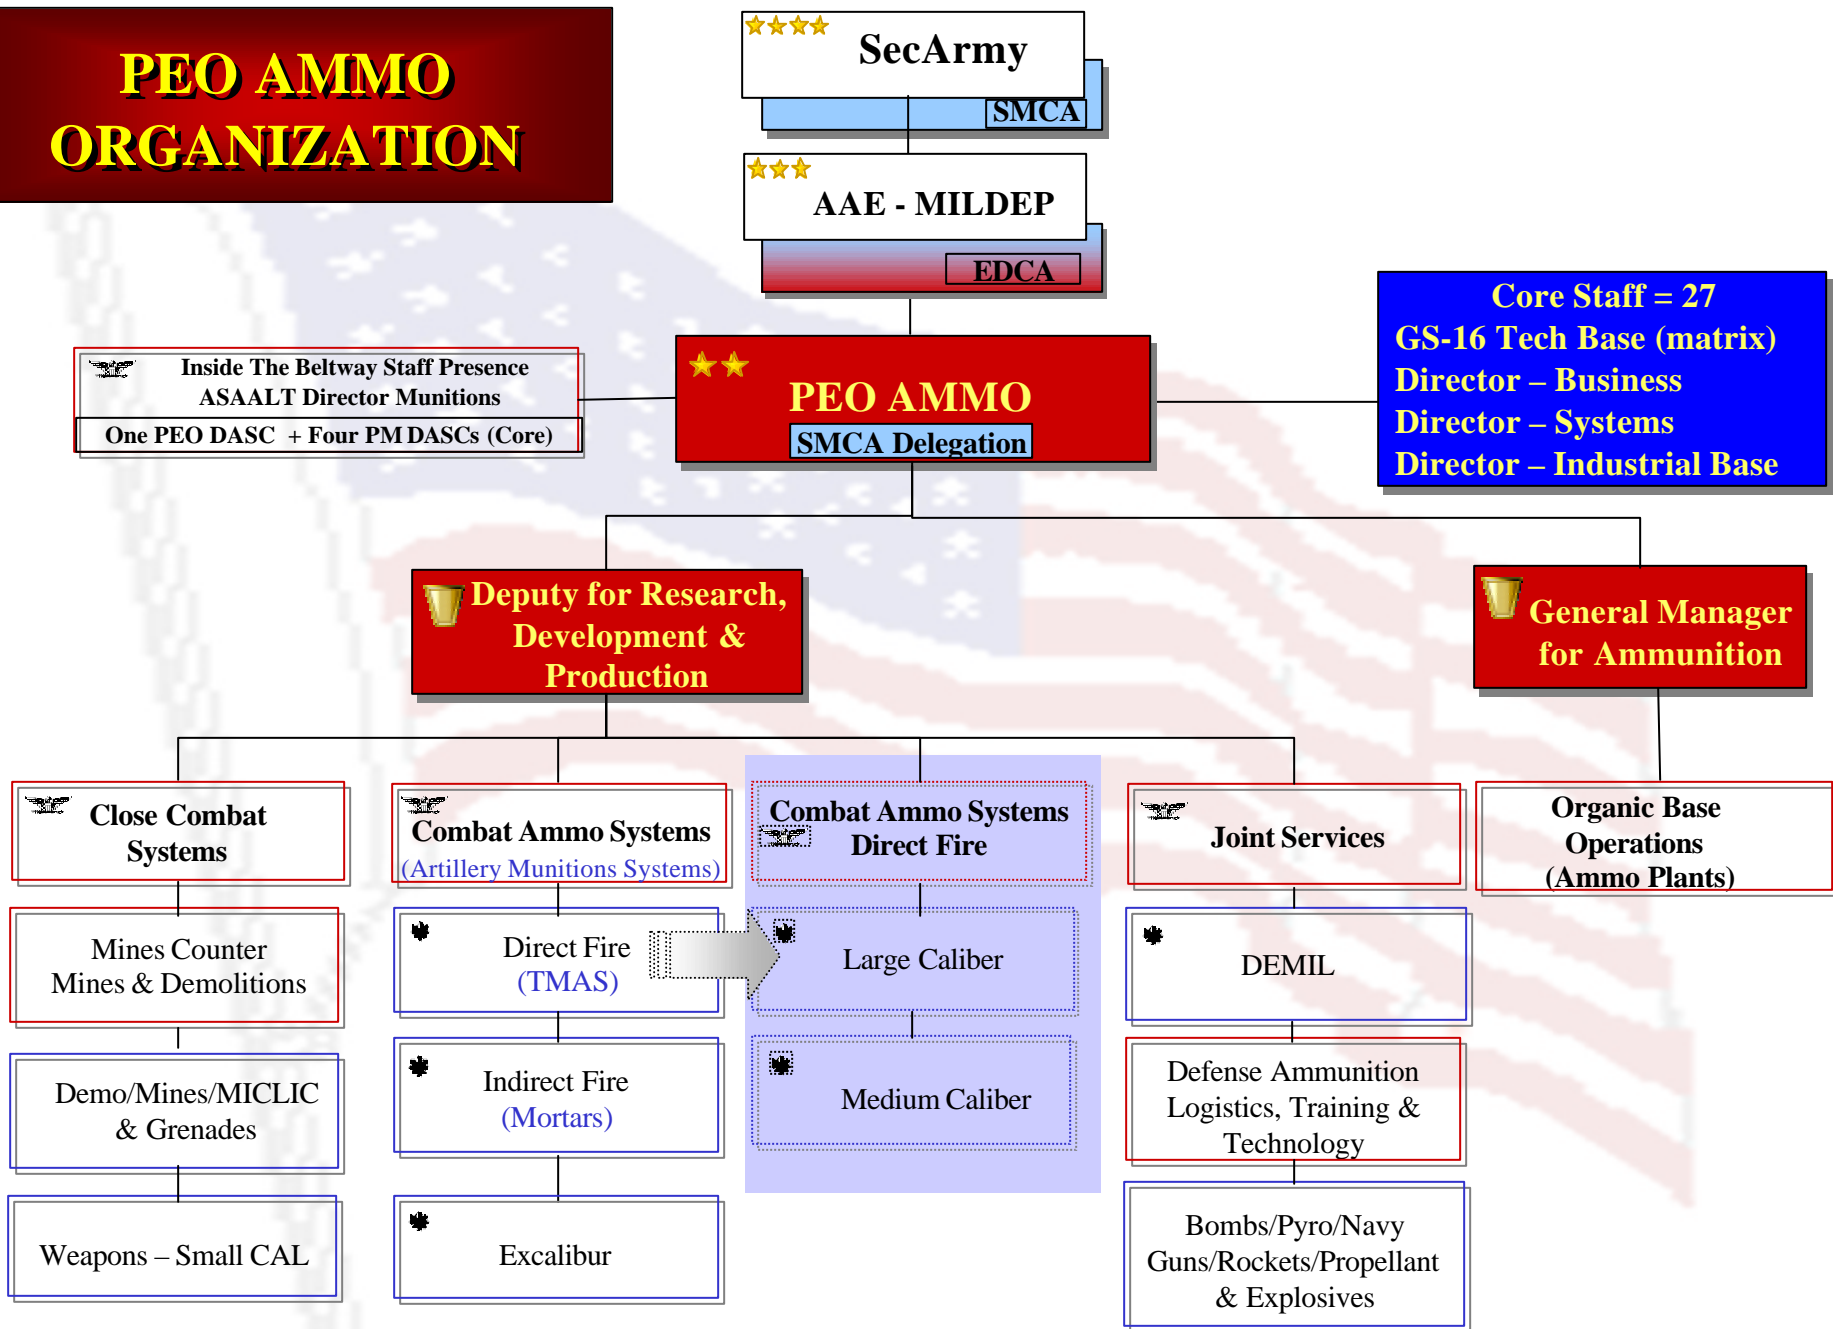

**Authority and Accountability...
For Meeting Full Military Requirement For Each Munition Family**

PEO, Ammo/PMs Manage Life Cycle...AMC Responsible for Execution

PEO AMMO ORGANIZATION

Path Forward

- **By All Ammo/Related Appropriation Funding Flowing Through PEO, Ammo...PEO Poised To Implement...**
 - **PEO/PMs Responsible/Accountable For Life Cycle Management**
 - **AMC Responsible For Execution**
- **Identify and Optimize Key Business Processes**
 - **Include Commercial and GOCO Industry Partners**
 - **Cement PEO/PM/AMC/OSC et al Team Relationships and Operating Procedures**
 - **Define Industrial Base Restructure Strategy Process**

NON-NEGOTIABLE: Seamless Transition Transparent To Warfighters
